

Kwame Nkrumah University of Science and Technology,

Department of Petroleum Engineering,

PMB KNUST,

Kumasi, Ghana.

June 21, 2024.

Dear Sir/Madam,

APPLICATION FOR AN INTERNSHIP ROLE AT APM TERMINAL

I am writing to express my interest in an internship opportunity, at APM Terminals in Tema. Currently I'm a third year student studying Petroleum Engineering at Kwame Nkrumah University of Science and Technology (KNUST) in Kumasi. I'm excited about the prospect of applying my knowledge and practical skills in an environment. My studies have provided me with a foundation in areas of petroleum engineering, such as drilling, production, reservoir engineering and environmental safety.

Additionally, I have hands on experience using industry software like Jupyter (Python) and Autocad, for designing and simulating engineering processes. Through my coursework I've gained an understanding of both the theoretical aspects of the field.

Interning at APM Terminals would be a move, in reaching my career aspirations. I'm especially interested in APM Terminals because of its track record for quality and creativity in operations and logistics. I'm excited about the chance to be part of your team and gain insights, from industry experts.

I have included my resume for you to look over. I am excited, about the chance to talk about how my experience, abilities and passion align, with APM Terminals objectives.

Should you require any further information, please you may contact me through my email at lysajmichaels@gmail.com or +233(53)-795-8247.

Yours faithfully,

Jessica Gati
